

Thank you letter for *Hilfstaktion für den Fernen Nächsten*

We would like to express our deepest gratitude for the support you have chosen to give us through Don Bosco Mission Bonn.

Your donations are very important to us. They help the continuity of our work in the various sectors in Constanta, mainly the Family House and the Professional Training Centre.

What you offer us together with the help of Don Bosco Mission Bonn and that of other donors, keep us going and helping needy people, especially children and young persons. With the support of concerned people like you, we will be able to carry on with our work, expand our programs to serve more persons and offer qualitative services.

The persons who we usually support are people in need who face social or economic difficulties, children and young people, employed and unemployed persons. These persons are the 8 children aged 7-18 years living in the Family House and the about 400 children, young people, employed and unemployed persons who participate in the training courses (projection taking into account the participants of last year). In 2022, we had 488 participants in the training courses, but some of them participated in online courses. Without your help, these children and young people might end on the street or might drop out school. The social workers, the psychologist and the Salesians work together in order to offer children affection, a good example of behaviour, advices and the personalized support they need.

We are grateful for your generosity, your trust and most importantly, your commitment to our mission. God bless you!

Constanta, Romania
August 2023

Venceslau GROSU
President of Giovanni Bosco Foundation
